Remarks

Note: Remarks are not for responding to an office action.

All patents cited in this information disclosure were discussed in applicants' original PCT patent disclosure, with the

exception of US 4,958,638 and 6,210,344 which were cited by the examiner in the International Search Report. This discussion in the PCT application, together with the search report and the record in the PCT case, will be relied upon as a concise explanation of relevance, which is in any event optional for English-language references. Applicants' invention as claimed is not disclosed or suggested by any of the prior art of record, separately or in combination.
